The prevalence of xerostomia continues to rise with the increasing number of conditions that cause it.

- Over 1100 Medications cause dry mouth
- Disease conditions such as Cancer and Sjögren's
- C-PAP machines, and sleep disorders

**1 IN 4 ADULTS
SUFFER FROM
DRY MOUTH**

In three clinical trials, Aquaoral's lipid-based technology was shown to provide significant benefits when compared to OTC water-based products.
